1203 Front Street, Raleigh, NC 27609 (use this address for express/overnight deliveries)  
(919) 326-1100 or (800) 253-9653

DO NOT SUBMIT PHOTOCOPIES UNLESS SPECIFICALLY PERMITTED

An application for license in North Carolina is a confidential matter therefore we are unable to respond to any questions regarding your application from anyone other than you, the applicant. The licensing staff may be contacted by e-mail at [license@ncmedboard.org](mailto:license@ncmedboard.org).

Below is a summary of the rules of Chapter 32B of the North Carolina Administrative Code. These are the conditions, which might allow licensure, but the Board reserves the right to make whatever additional demands on the applicant for licensure that the Board deems appropriate at the time.

The Limited Volunteer License is available to physicians who are not licensed in North Carolina but wish to volunteer at indigent clinics. The holder of a limited volunteer license shall practice medicine and surgery within the State of North Carolina for no more than 30 days per calendar year and may not receive compensation for services rendered at clinics specializing in the care of indigent patients.

Application materials and fee are good for 1 year. If you are not issued a license within the year and choose to reapply for a NC license, you will be required to resubmit all application materials and background check fee.

1. Completed application form.
  - CIRCLE the correct answer for all questions and provide DETAILED explanations for affirmative answers.
  - A claim form must be completed for EACH malpractice suit or settlement (form enclosed-photocopy as needed). ATTACH A PHOTOCOPY OF PLAINTIFF'S COMPLAINTS AND SETTLEMENT ORDERS FOR EACH INCIDENT.
  - If your name has changed at any time during your life, you will need to list your prior names and submit a copy of legal documentation (marriage certificate, divorce decree, adoption papers, etc.) supporting the name change.
  - Attach a photograph taken within the past year to the applicant's oath and have the form notarized.
2. Complete the Immigration Status Form and submit with the required documentation.
3. You must secure a report from one state or jurisdiction in which you currently hold an active license, verifying the status of licensure. Most licensing agencies charge a fee for this service. The verification should be sent directly to the NC Medical Board. The NC Medical Board accepts license verifications through the Veridoc service.
  - If you are submitting verification of a Connecticut license as part of this application, you must send the Connecticut release form along with the licensure biography form to the Connecticut Department of Public Health.
4. Applicants must submit two completed fingerprint cards for the purpose of conducting a criminal background check. When possible, have different officials complete each card. It is recommended you have your local law enforcement office perform the fingerprinting. An application is not considered complete until a response has been received from the appropriate agency. Expect a minimum of eight weeks for the report to be received. Fingerprint cards must be submitted with your NCMB application along with the authority to release form. Since rejections are common, the SBI has suggested that applicants use lotion or witch hazel on their hands before being fingerprinted. Fingerprint cards are submitted for processing twice a week upon receipt of your application for a license, fingerprint cards, authority for release of information form and the fingerprinting fee.

The SBI has suggested that using the live scan method, when available, may be a more reliable choice. E-mail [fpc@ncmedboard.org](mailto:fpc@ncmedboard.org) to request a set of fingerprint cards.

5. A fee of \$38.00 for the criminal background check fee is to be paid at the time the application is submitted. Checks should be made payable to the NC Medical Board. Checks returned for insufficient funds will require an additional \$20.00 fee. Returned checks must be replaced by a certified check or money order. FEES RECEIVED ARE NOT REFUNDABLE.
  
6. When all application materials have been received, your file will be forwarded to a staff member for quality assurance review. If the quality assurance review is complete and no additional information is needed, your file will be forwarded to a board member for review to determine whether you will be required to appear for a personal interview. Upon receipt of the board member's decision, your license will be reinstated if a personal interview is not required. **INTERVIEWS SCHEDULED PRIOR TO APPLICANT BEING NOTIFIED BY NCMB STAFF THAT APPLICATION IS COMPLETE MAY BE CANCELED.**
  
7. If a physician has been away from clinical practice 2 years or longer, they may be required to develop a reentry plan as part of the license application. It is the responsibility of the applicant to be prepared to present a program of re-training or supervision that will establish proof of competency in their chosen area or medicine. Applicants in this category will be required to appear for a personal interview.

RENEWAL – A renewal fee will not be required, however, you will be required to complete the online renewal process with 30 days of your birthday every year.

### **SBI FINGERPRINT REJECTION POLICY**

The quality of ten-print fingerprint image submissions accepted by the North Carolina State Bureau of Investigation has deteriorated in the last few years. Poor quality fingerprint images result in decreased reliability for both ten-print and latent searches. Low quality fingerprint data are frequently the result of poor rolling practices as opposed to poor image scanning of the rolled prints. For records to be maintained in both the State and Federal level, fingerprints must be rolled from the tip to below the first joint, and nail to nail. Ridge characteristic must be distinct and fingerprint impressions must be in sequential order. We request that all law enforcement agencies and non-criminal justice agencies submit fingerprints that are of good quality.

The following is the SBI/Identification Section Fingerprint Rejection Policy implemented February 2, 2004:

1. Every criminal and applicant fingerprint card must have all ten fingerprint images of good quality. The ten fingerprint images of the plain impressions/slaps must be completely discernable thereby allowing comparison between the plain impressions and rolled impressions.

NOTE: If a fingerprint in the plain impressions has been cut off (either too low or too high) the FBI cannot compare the rolled images to the plain images, and they will reject the card.

2. The exception to this is amputated, bandaged or deformed fingers. If one of these three notations is in a rolled impression block, there should be **NO** fingerprint in the plain impression/slaps.
3. Fingerprint cards submitted with the following will be rejected:
  - Hands out of sequence, or
  - Fingerprints out of sequence, or
  - Hand printed twice, or
  - Fingerprints printed twice, or
  - Fingerprints missing with no reason given

The definition of a good quality fingerprint is an image that provides sufficient data to accurately identify and locate principal fingerprint features. These features include minutia, cores and delta, and ridges. The image should cover sufficient area to allow examiners to identify fingerprint patterns and to compare the prints with those in the database.

**If cards are rejected a new set must be submitted within 90 days of being notified of the rejection. If not received within 90 days the process must be restarted.**
