 - i. Summary: Request to have the Nurse Practitioner Compliance Review Program be transferred in its entirety to the NC BON

Staff Recommendation: The Nurse Practitioner Compliance Review Program began as a joint effort between the NCMB and the BON. This program has been operational for the last five years and the BON, by agreement, has assumed greater responsibility throughout this period. The NCMB has complete confidence that the BON is fully capable of independently monitoring this program. It is recommended that the Nurse Practitioner Compliance Review Program be transferred in its entirety to the NC BON.
