The North Carolina Medical Board

July 19-22, 1995

**1203 Front St.
Raleigh, NC**

Minutes of the July 19 - 22, 1995 Meeting of the NC Medical Board

The July 1995 meeting of the North Carolina Medical Board was held at the Board's office, 1203 Front Street, Raleigh, NC 27609. The meeting was called to order at 6:00 p.m., July 19, 1995, by Walter M. Roufail, MD, President. Board members in attendance were: Harold L. Godwin, MD, President Pro-Tempore; Ernest B. Spangler, MD, President Elect; George C. Barrett, MD, Secretary/Treasurer; Hector H. Henry, II, MD; Mr. David L. Howe; Mr. Paul Saperstein; Charles E. Trado, Jr., MD; Wayne W. VonSeggen, PA-C; Mrs. Martha K. Walston; F. Danford Burroughs, MD, and George Johnson, Jr., MD.

Staff members present were: Mr. Bryant D. Paris, Jr., Executive Director; Ms. Helen Diane Meelheim, Director of Finance, Operations & Human Resources; Mr. James A. Wilson, Board Attorney; Mr. William H. Breeze, Staff Counsel; Mr. Donald R. Pittman, Investigative Director; Mr. Edmond Kirby-Smith, Investigator; Mr. Dale Lear, Investigator; Mr. Alan M. Evans, Investigator; Ms. Threse Dembroski, Investigator; Ms. Barbara Brame, Investigator; Mrs. Jenny Olmstead, Senior Investigative Secretary; Ms. Anne Goding, Investigative Secretary; Ms. Pearlina Dowling, Complaint Coordinator; Mr. Dale Breaden, Director of Communications and Public Affairs; Mrs. Wanda Long, Executive Staff Assistant; Mr. Mike Casey, PA/NP Coordinator (temp.); Ms. Tiajuana Jackson, Administrative Assistant; Mrs. Joy D. Cooke, Licensing Director; Ms. Michelle Lee, Asst. Director of Licensing; Mr. Jeff Peake, Licensing Assistant I; Mrs. Ann Z. Norris, Verification Secretary; and Mr. Peter T. Celentano, Controller.

AGENDA - Public

Misadventures

In a discussion led by Dr. Henry, the Board members and staff discussed several recent news articles regarding medical misadventures. The Board approved a motion by Dr. Henry and seconded by Dr. Trado requesting the state Medical Examiners Office to report to the Medical Board those cases dealing with deaths when they are coded a medical misadventure. The investigative analysis of these cases will be promptly carried out and appropriate action(s) will be taken by the NCMB in accordance with the standard and procedures of the Board.

Miscellaneous - Controlled Drug Symposium

Mr. Wayne VonSeggen will be participating in the NC Academy of Physician Assistants' Third Annual Controlled Drug Symposium, August 25, 1995, at Myrtle Beach, SC. His role on the panel discussion is to answer questions regarding the NC Medical Board, the and new controlled substance prescriptive authority. The Board approved his attendance.

Meeting with Deans

The Deans of the North Carolina medical schools (Dr. James A. Hallock, James N. Thompson, and Ralph Snyderman), met with the Board and discussed several topics including: the Federation, the role of CME in licensure, required post graduate training necessary for licensure, and limited faculty license process.

Podiatry

William Breeze reported to the Board the passage of a bill amending the definition of podiatry by Chapter 248; SB 399. This law expands the scope of practice of podiatry to include treatment of all ailments of the foot and ankle and their related soft tissue structures to the level of the myotendinous junction (except amputation of the entire foot, the administration of anesthetic other than local, and the surgical correction of clubfoot of an infant two years of age or less). Except for procedures for bone spurs and simple soft tissue procedures, any surgery on the ankle or on the soft tissue structures related to the ankle must be performed in a licensed hospital or a multispecialty ambulatory surgical facility where the podiatrist has privileges. This law establishes a committee composed of two members from the North Carolina Board of Podiatry and two members of the North Carolina Medical Board which shall define what constitutes "soft tissue procedures" referred to in the statute. Two representatives of the North Carolina Orthopaedic Association Incorporated, Charles H. Classen, MD and Lucius Pullen met with the board to offer their assistance to those who will serve on the committee. The Board approved a motion by Dr. Johnson and seconded by Mr. Saperstein to appoint Dr. Spangler and Dr. Henry to serve on this committee.

Executive Director's Report - 7/95

Mr. Bryant D. Paris, Jr. presented the following information in his Executive Director's Report:

Management Retreat - Mr. Paris reported on the administrative staff team management program. The first retreat was June 23, 1995. Mr. Paris discussed long-term and short-term goals of the administrative staff.

Professional Corporations - A teleconference with appropriate staff to discuss the trend of professional corporations being formed to become negotiation entities with managed care groups. The matter is to be discussed

by the Policy Committee and a report presented to the Board.

AMA PRA - The AMA does not maintain documentation as to which CME courses a physician has completed in order to meet the AMA Physician Recognition Award requirements. The Board may consider asking physicians to supply copies of courses attended over the past year.

Article for the *Bulletin* - Mr. Paris' article regarding the ten most common reasons physicians have problems with the Medical Board, is to be in the next *Bulletin*.

Management Consultant - Ms. Meelheim and Mr. Paris met again with Dr. John Anderson.

Mr. Paris will attend a two week management development course at the University of North Carolina on October 15 -27, 1995.

Mr. Paris has been devoting time to the preparation of the Board's history.

Board Staff - The staff is pleased to announce that Mr. Jeffrey Peake has been hired in Licensing. Mr. Peake has a Masters degree in English. All staff is encouraged to improve their skills at any opportunity; updating computer skills is foremost.

Credentiailling of Physicians in Nursing Homes - Mr. Paris contacted the Executive Director of the Board of Nursing Home Administrators raising the question as to whether there is credentiailling by nursing homes of physicians who have patients in facilities. ANSWER: The only credentiailling is to verify that the physician is licensed and currently registered.

Acceptance of the 1975 Examination given by the Canadians (LMCC - Licentiate of the Medical Council of Canada) - At the last meeting questions concerning the prior Board decision to accept the LMCC after 1975 created considerable discussion. Mr. Paris thoroughly reviewed the Board's minutes through 1980, and found that there are notes that indicate consideration of this matter in 1970. However, there is no indication in the minutes that the Board accepted the 1975 date, nor is there any reference to the 1975 date. Because the Medical Practice act now requires foreign medical graduates to attain three years of post graduate training prior to licensure, and because the Board's rules now contain the ten year requirement, Mr. Paris recommended to the Board that no further consideration be given to the 1975 date.

Statistics of staff activities since the May Board meeting:

Between June 13, 1995 and July 4, 1995 the office has received 7,821 phone calls.

Since the May Board meeting the Board has received and responded to 92 complaints. At the July meeting of the Complaint Committee 47 complaints and 16 complaint follow-ups were considered.

Verification and Corporation activities - The majority of the 2,000 verifications are routine and are handled by Mrs. Norris. Verifications that contain investigative or public information are answered over the Executive Director's signature.

Activities since the May 1995 meeting - Since the last meeting, Mr. Paris has conducted 16 interviews in an effort to assist in the volume of applicants who are unable to meet with Board members or who make unscheduled visits to the Board's office.

Dale Breaden and Mr. Paris were interviewed by Pat Stith, a health reporter from the News & Observer, regarding the Board's review of death certificates which have been coded as misadventures.

On June 28, 1995, Mr. Paris attended a meeting at Duke University along with Mr. Howe, Dr. Barrett, and Mr. Breaden. A report of this meeting will be included in Dr. Barrett's Policy Committee report.

Data regarding hiring a Medical Director will be presented with the Policy Committee Report.

The Board unanimously elected the following officers: Ernest B. Spangler, MD, President; George C. Barrett, MD, Vice President; Paul Saperstein, Secretary/Treasurer.

Policy Committee Report

Position Statement - Prescribing of Opiates

The Board approved a motion by Dr. Barrett, seconded by Dr. Burroughs, to appoint Dr. Trado to serve on a task force charged with developing a position statement offering guidance for prescribing opiates for chronic pain. The task force is to be made up of four persons who are engaged in the area of pain management, including representatives from the DEA or Pharmacy Board, and Board staff.

Medical Coordinator - job description

The Board discussed the job description for the Medical Coordinator position. Mr. Paris will contact each medical board that has a medical coordinator on staff. Mr. Paris is to determine if the MC improved the performance of the board and eased the work load of the board. Mr. Paris will present this information to the Board at the September meeting.

ECU Retreat, CME Providers - Dr. Charles Duckett, of East Carolina University School of Medicine asked Dr. Roufail to discuss an association of on-campus CME providers. ECU is hosting a retreat for this group, and Dr. Duckett requested a Board representative attend. The Board accepted a motion by Mr. Saperstein, seconded by Dr. Johnson to appoint Dr. Barrett as Board representative at the ECU retreat

Position Statement - Physician-Patient Relationship

A copy of the position statement on Physician-Patient Relationship was presented. The Board accepted a motion by Dr. Burroughs, seconded by Mr. VonSeggen, to accept the Physician-Patient Relationship position statement presented as a stated policy of the NC Medical Board (attached p. 23).

Licensure request based on AMA PRA

The committee requested that the Board require applicants who satisfy the "Ten Year Rule" by American Medical Association - Physician Recognition Award to present a listing of course content in order for the Board to evaluate the relevance of the courses to the physicians intended practice. Dr. Barrett moved, seconded by Mr. Saperstein, to request all physicians who are asking for licensure based on the AMA Physician's Recognition Award to bring a detailed list of their CME earned for the past three years for review by the interviewer. Staff was instructed to develop a form which will be added to the applicant's interview material.

Legislative Report

Mr. Bill Breeze presented a report on legislation which was ratified during the current session of legislature. Notable changes involve the passage of Senate Bill 1017 which changed the name of the Board to the North Carolina Medical Board; passage of Senate bill 653 which made various changes in the Medical Practice Act; and the passage of Senate Bill 399 which modified the scope of practice for podiatrists. Mr. Breeze responded to questions of the Board regarding these and other legislative issues.

REPORT OF THE EMERGENCY MEDICAL SERVICES COMMITTEE

Dr. Nicholas Benson has resigned his position of medical director for the Office of Emergency Medical Services effective June 30, 1995, in order to accept the chair of the ECU Medical School - Emergency Medical Department. His successor at OEMS is Dr. Cary McDonald. The Board adopted a motion by Dr. Barrett, seconded by Dr. Burroughs that the NC Medical Board send a letter of appreciation to Dr. Benson recognizing his leadership and achievements as medical director of the Office of Emergency Medical Services during the past seven years.

The Office of Emergency Medical Services asked for guidance regarding the administration of practical skills and written evaluations as well as regarding the use of question data bases. The Board adopted a motion presented by Dr. Johnson, seconded by Mr. Howe, that local EMS programs be permitted to administer practical skills and written evaluations in segments throughout the applicant's certification period rather than only in the last year of certification. It is the intent of the Board to assure continuous evaluation of skills throughout the approval period. The Board approved a motion presented by Dr. Johnson, seconded by Dr. Burroughs, stating that the EMS programs be permitted to use questions from recertification examination data bases which are available for purchase by the educational systems.

The Board received a request from Attorney Vance Kinlaw asking if EMS personnel at any level are trained to advise patients of their patient's diagnosis (assessment). The Board referred Mr. Kinlaw to the OEMS for a response to his inquiry.

Mr. Ed Browning and Mr. Mike Eddinger attended a meeting of EMS and Fire Dept. representatives from Alamance County on June 20, 1995, to discuss the development and submission of a study proposal for EMS First Responders and Automatic Defibrillation Responders.

The accounting department registration report was made and accepted as information.

Staff was asked to bring a proposed schedule for the approval to the Board meeting for future meetings. The committee chairman is to schedule committee meetings for the rest of the year.

Old Business:

Complaint from PA Denise Curtis was not noted in minutes as being discussed and resolved. It was at the last meeting and correspondence was sent to Ms. Curtis.

Mr. Paris is to investigate the option of the Board members taking SPEX.

Articles sent to Board members should be annotated before sending materials out.

The committee recommended that the bond for Mr. Paris and Ms. Meelheim be reduced to \$250,000.

Ms. Meelheim will continue to pursue insurance for the Board Members. Mr. Paris suggested asking if a per diem is intended to cover the cost.

New Business:

NAFTA, correspondence from the governor's office was discussed. Staff will attend the next meeting and assure

conformance with Federal law.

Podiatry committee to be appointed. Dr. Henry and Dr. Spangler were appointed as committee members. Orthopedist shall present information at the Board meeting. The podiatry board is to be notified of the appointments and set the meeting.

Board Action: (ES,PS) approve report as presented.

A motion was passed to close the session to investigate, examine, or determine the character and other qualifications of applicants for professional licenses or certificates while meeting with respect to individual applicants for such licenses or certificates.

LICENSE COMMITTEE REPORT

Eleven cases were reviewed by the committee. A written report was presented to the Board for review. The specifics of this report are not included as these actions are not public information.

A motion was passed to return to open session.

MISCELLANEOUS

(1) Interviews for Licensure

COMMITTEE RECOMMENDATION:

A trial run of the staff asking standard questions was conducted at the July meeting. Mr. Paris conducted one interview per sub-committee.

(3) CSPEX Update

Windy Wawak has been contacted at the Federation of State Medical Boards to obtain information on the Board Members taking CSPEX. She will contact someone at the National Board office who will not be available until 7/24/95.

(4) Quality Management Meeting

The licensing process was reviewed at the Quality Management Meeting 6/23/95. As a result of that meeting Joy Cooke requested that applicants be instructed to gather all application materials and submit a completed package. This should reduce the number of phone calls, amount of mail to be opened and written correspondence the department currently handles. This is the same idea which is currently in place for the resident training license application.

COMMITTEE RECOMMENDATION:

Support the staff by allowing this procedure to be put in place.

BOARD ACTION:

Postpone decision until a presentation of the licensing process is made to Board Members.

(5) Approval of physicians for license by endorsement; physicians for reinstatement of NC license; physicians for Faculty Limited license; and physicians for VIP Certificates of Registration.

BOARD ACTION:

Approve list as presented, pending verification of applicants for which interview sheets have not been received.

(6) Approval of License Committee report.

BOARD ACTION:

Approved with changes indicated.

BOARD ACTION: (GJ,DB)The Board adopted a motion to accept the Licensure Committee Report as presented.
