RE: Dr. Leon R. Staton, Hayesville, North Carolina - It was revealed in investigation by the State Bureau of Investigation that Dr. Staton was prescribing an excessive amount of narcotics; that he was not keeping records. He was requested to appear before the Board and was advised of the law.

An investigation by the State Bureau of Investigation was requested in May, 1964, because of reports received of alleged excessive prescribing of narcotics by Dr. Staton and he was requested to appear at this time. The State Bureau of Investigation report substantiated the reports that he was writing narcotic prescriptions excessively and that some of the druggists in his vicinity had ceased to honor his narcotic prescriptions. Dr. Staton appeared and denied that he was aware of writing prescriptions for too many narcotics and denied he knew any drug stores had ceased to honor his prescriptions. He said he had a few patients he felt needed narcotics; that he had advised some patients that he could prescribe no more narcotics for them; that he had not used his narcotic forms in about a year; that he did not carry narcotics; that on house calls he used substitute drugs for narcotics.

VERDICT: Dr. James E. Davis moved that an investigation be made in one year on Dr. Leon R. Staton and that he be requested to make an appearance before the Board of Medical Examiners. This motion was duly seconded and passed unanimously.

RE: Dr. J. R. Medlin - To summarize, Dr. Medlin's license to practice medicine in this state was revoked June 20th, 1960, and judgment suspended for five years. In May, 1961, he was indicted in Criminal Court for forging prescriptions for narcotics (he had surrendered his narcotic tax stamp April, 1959) and judgment was suspended for five years upon condition that he enter a state hospital for treatment and remain as long as the authorities deem necessary. In July, 1964, it came to the attention of the Board that Dr. Medlin had assumed the practice of a general practitioner in Raleigh as of July 1st, 1964, who had entered residency training. He did not report to the Board that he was making this move, though his license is still under suspension. Dr. Medlin was requested to appear at this time

Dr. Medlin continued
