

BOARD OF MEDICAL EXAMINERS OF THE  
STATE OF NORTH CAROLINA

Velvet Cloak Inn  
Raleigh, North Carolina

June 14-16, 1979

The Board of Medical Examiners of the State of North Carolina met at the Velvet Cloak Inn, Raleigh, North Carolina, June 14-16, 1979, for the purpose of interviewing applicants for license by endorsement of credentials and other business.

Drs. David S. Citron, President; Bryant L. Galusha, Secretary; Bruce B. Blackmon; Louis T. Kermon; A. T. Pagter, Jr.; J. J. Pence, Jr.; and Joyce H. Reynolds were present. Also present were Bryant D. Paris, Jr., Executive Secretary; Ms. Betty Joe Barick, Assistant Executive Secretary; Mr. Lee A. Denney, Ms. Kathy Burke, and Ms. Sibyl Lamoreaux.

Thursday, June 14  
9:00 a.m.

The Board convened for business and reviewing credentials of physicians applying for license by endorsement of credentials.

RE: Edward Lenoir Jones, M.D., Thomasville, North Carolina -- A hearing was held before the Board of Medical Examiners of the State of North Carolina upon and concerning charges and accusations preferred by the Board in the above matter at the Velvet Cloak Inn, Raleigh, North Carolina, on Thursday, June 14, 1979, at which hearing Dr. Edward Lenoir Jones did appear and was not represented by counsel. Following presentation of evidence on the second charge, the Board found charge number one to have been proved and found charge number two not to have been proved. Dr. Jones was advised that he would hear in due time of the action of the Board.

RE: Proposed Amendments in the Administrative Procedures Act Increase in Fees -- A hearing was held at 3:00 p.m. on June 14, 1979, to consider changes in the regulations of the Board of Medical Examiners regarding 21 NCAC 32B .0109 entitled Fee, 1 NCAC 32F .0003 entitled Fee, and 21 NCAC 32F .0004 entitled Failure to Register.

21 NCAC 32B .0109 entitled Fee -- The proposal is to amend the fee for written examination (FLEX) from \$100 to \$200. As a result of considerable discussion, it was moved, seconded, and duly passed that the fee for the North Carolina Examination (FLEX) be increased from \$100 to \$150.00.

21 NCAC 32F .0003 entitled Fee -- It was moved, seconded, and duly passed that any physician licensed to practice medicine by the Board of Medical Examiners of the State of North Carolina shall pay a registration fee of \$20.00 biennially effective the next registration in 1980.

21 NCAC 32F .0004 entitled Failure to Register -- Since the regulation is superseded by a statutory change, it was moved, seconded, and duly passed that this regulation be rescinded.

RE: Advertising in the North Carolina Medical Journal -- It was moved, seconded and duly passed that the Board write a letter to the Editorial Board of the North Carolina Medical Journal regarding the discrepancy in the advertisement and the policy of the Board of Medical Examiners regarding the use of Tenuate for weight control.

RE: Endorsees from Florida -- Mr. Paris reported on physicians licensed in North Carolina on the basis of Florida Boards. One physician in the past three years had taken FLEX in California three times and did not pass. He was not asked this question. The Board is going to have to begin asking everyone if he or she has taken FLEX after June, 1969. It will be necessary to check to see if an applicant has taken the examination FLEX and failed. This will be the policy of the Board from now on and anyone who comes before the Board for licensure by endorsement of anything other than FLEX or National Board will have to be checked to see if he or she has taken FLEX before. This will not necessitate a change in rules and regulations. The staff will check on any applicant applying for license by endorsement to determine whether he or she has taken FLEX after 1969.

RE: James Richard Hughes, M.D., Snow Hill, North Carolina -- Following review of information presented, it was moved, seconded, and duly passed that the Board institute the proper procedures to prefer charges against James Richard Hughes, M.D., that he be so notified in writing, and that he be advised that he will be given a hearing on such charges that will be presented against him.

RE: USPHS Physicians and Physician Extenders -- The Executive Secretary presented information concerning Dr. Clement Lucas and whether or not federal law would supersede state law in the placement of physicians and physician assistants. The state law does not require doctors in the Public Health Service to have a state license. This law does not apply to physician assistants. The Executive Secretary stated that he called the National Health Service Corps, and no federal law supersedes state law regarding the placement of physicians and physician assistants. It was moved, seconded, and duly passed that the Board transmit to the Board's attorney its anxieties about this matter and its desire to require all of these people to be licensed but to permit some leeway and some adjustments for cases of extreme need, so that the Board of Medical Examiners will not prevent a Corps site from getting a doctor just because he or she could not get a license right away. It was further moved, seconded, and duly passed that the Board authorize the staff and the Board's attorney with all possible speed to investigate what the Board can do and how the Board can do it and to come back with recommendations at the next meeting.

RE: Approved Formulary -- The Board reviewed information regarding the Formulary. Autonomic drugs were left out. Spasmolytic agents and vitamins were also omitted. It was moved, seconded, and duly passed that autonomic agents, spasmolytics, and vitamins be included in the Formulary, and that unclassified agents be omitted.

RE: Approved Formulary - Refills -- The Board reviewed information concerning the amount of a drug that may be prescribed. The present rule is one hundred dosage units or a thirty day's supply, whichever is less. It was moved, seconded, and duly passed that the Formulary be changed to permit prescribing one-hundred dosage units or a one month's supply.

Friday, June 15  
9:00 a.m.
