June 15 - 19th, 1969

The Board of Medical Examiners of the State of North Carolina met at the Sir Walter Hotel, Raleigh, North Carolina, for the purpose of giving the written examination, interviewing applicants for license by endorsement of credentials and special limited license, and for other business.

Sunday, June 15th - The Board convened for dinner and Drs. Frank Edmondson, President, Joseph J. Combs, Secretary-Treasurer, Bryant L. Galusha, Joseph W. Hooper, Jr., H. Lee Large, Jr., Cornelius T. Partrick, and Vernon W. Taylor, Jr., and Mrs. Louise J. McNeill, Assistant Secretary-Treasurer, were present.

8:00 P. M. - The Board interviewed the following graduates of foreign medical schools who were petitioning to take the written examination:

Dr. Sushil S. Lacy, graduate of the Madras University, India, and presently a senior fellow in Urology at Bowman Gray School of Medicine, appeared at this time. He presented alien registration receipt card #A13990769.

Dr. Edmondson: Do you have any concrete plans as to your intention to work in North Carolina if you pass the boards?

A. Yes, I hope to be on the staff at Bowman Gray. Dr. Boyce has plans for me to stay in the medical school. Dr. Garvey retired this month.

Q. Is it your intention to make application for citizenship or are you planning to go back home?

A. I plan to stay in this country, I am married to an American girl.

RE: Dr. Fergus Pope, graduate of the University of London School of Medicine, appeared at this time. He is an American citizen by birth, he has been a resident at the Mayo Clinic and plans to go with Dr. Jack Horner at Spruce Pines Clinic in Pediatrics.

Dr. Edmondson: What has been your association in North Carolina?

A. I have not had one. I came down 18 months ago and purchased a broken down farm. Since that time I have made three or four trips to look around. We have started building a home.

Dr. Edmondson: Have you been in practice?

A. Have you been in practice?

A. I have been at the Mayo Clinic two years, I have been in Africa before that.

Dr. Large: Why did you elect to go to medical school in London rather than this country?

A. I went into the Air Force, left at the completion of my tour of duty, took a jeep trip in Africa, visited the Schwitzer Clinic and decided to study medicine. I did not have much money. I came back to London, found I could take pre-med and medicine together with the G. I. Bill, so I stayed there. I was paid because I had been in the Air Force. The tuition is exceedingly low there. When I studied medicine I had planned to go back and practice there for several years.

Dr. Galusha: Are you a fellow in Pediatrics?

A. I took the boards on Friday.

Dr. Large: Did you go to Africa after you finished medical school?

A. Yes and planned to stay, but one of our friends there fell afoul of the government and four of us were asked to leave the country.

Q. Why were you invited to leave?

A. It is a long story, the men who helped us get started - - - it involved

a Catholic priest, members of the Embassy, the American Peace Corps. It was one of those plots that goes on in Africa.

Dr. Pope told of his stay of two months in Biafra.

VERDICT: Dr. Joseph J. Combs moved that Dr. Fergus Pope be approved to take the written examination. This motion was duly seconded by Dr. H. Lee Large, Jr. and passed unanimously.

Moorefield - The secretary presented letter from his attorney stating that Dr. Moorefield had surrendered his narcotic tax stamp in 1967; that he was more than 80 years of age; that he had need for this tax stamp in his practice. The secretary also presented his reply to the attorney dated June 6th, 1969, reviewing Dr. Moorefield's problems with regard to violation of the narcotic laws, the first on record occurring in 1952; that the Board had been advised in 1967 that due to poor health Dr. Moorefield was unable to make a trip to Raleigh to be interviewed by the Board; that it would now be necessary for him to personally appear before the Board and petition for recommendation of return of his narcotic tax stamp and that it would be Dr. Moorefield's responsibility to show the Board why it should make such recommendation.

This was received as information by the Board.

The meeting was adjourned.

June 16th

RE: Dr. William M. Bethune, Jr. appeared and stated that he had ascertained that he would not be able to get an offer for a position in any institution until he first had his license to practice medicine; that he had continued his work in alcoholism; that he would consider only going into institutional work if his license were reinstated. He said he had not used drugs or alcohol in 20 months.

This motion was duly seconded and passed unanimously. (See p. 125 these Minutes)

RE: Dr. J. R. Medlin - (See previous Minutes) - Dr. Medlin appeared at the request of the Board for a routine interview. He stated that he had practiced regularly for the past year; that there had been no episodes of depression and that it was the best year he had had. The Board directed that he appear again in one year.

RE: Dr. P. F. Yates, Wilmington, North Carolina - In an investigation by the New Hanover County Sheriff's Department with reference to barbiturates and stimulant drugs violations, it was ascertained that Dr. Yates had signed blank prescriptions and left with the druggist. (See file on report of New Hanover County Sheriff's Department). Dr. Yates was, therefore, requested to appear for an interview.

Dr. Yates appeared and he said that he had never except on one occasion left signed prescriptions with a druggist; that on this one occasion he was going to be away for a month and he left three signed, blank prescriptions with the druggist, with instructions to take care of a patient who suffered much pain; that she took demerol among other drugs. That no prescription was written for his patient. He said prescriptions were written over a signature which in his opinion had been forged.

RE: Dr. Rayford L. Weinstein - VERDICT: Dr. H. Lee Large, Jr. moved and the same was seconded that the secretary make such investigation as may be necessary to determine whether or not Dr. Weinstein will voluntarily consent to being examined by a psychiatrist at the Dorothea Dix Hospital or by some other psychiatrist selected by the Board of Medical Examiners. If that is accomplished the question of preferring any charges against Dr. Weinstein be deferred until the next meeting of the Board. That if this examination can not be voluntarily be arranged by agreement with Dr. Weinstein, that charges be preferred and served upon Dr. Weinstein on the grounds that he is not of sufficient mentality to safely practice medicine and is chronically addicted; that an examination of Dr. Weinstein by a psychiatrist be ordered in the name of the Board. This motion was passed unanimously.

RE: Dr. James Justis Richardson, Laurinburg - On June 2nd, 1969 the State Bureau of Investigation reported that an investigation was being conducted with regard to the misuse of narcotics on the part of Dr. Richardson (see report of investigation on file.) The investigation revealed that Dr. Richardson had treated a narcotic addict, now deceased, over a considerable period of time; that he had admitted administering narcotics to himself. Dr. Richardson came to the office of the secretary immediately after this investigation and admitted the above, stated he had reported the treatment of the addict to the State Board of Health and denied addiction. He said he had had a serious condition of his ankle over a period of two years, causing major surgery on several occasions and a great deal of pain. Dr. Richardson surrendered his narcotic tax stamp to the Narcotic Bureau, which has been substantiated by the Bureau.

Dr. Richardson appeared at the request of the Board and confirmed the above information. He was very positive in his statement that he was not addicted, denied sharing in drugs prescribed for the narcotic addict, and went into detail about his physical condition. He said he had done practically no medical practice for the past two years.

VERDICT: Dr. V. W. Taylor, Jr. moved that the Board recommend that Dr. James Justis Richardson's narcotic tax stamp not be reinstated, give him a lecture and request that he be seen again by the Board in six months. This motion was duly seconded and passed unanimously.
