SHANTON, Gregory Damon, PA Newport, NC	1/28/2021	PA applied for reinstatement of his NC physician assistant license in May 2020. The Board denied PA's reinstatement application on October 21, 2020, after which PA requested a formal hearing. PA has a long history of public actions with the Board including multiple suspensions due to PA's diversion of controlled substances to patients and close family members and his own substance abuse. He has not practiced as a PA since July 2010 and it has been determined that PA requires educational remediation.	License reinstated via consent order; PA to complete a CPEP administered remediation plan. PA must enter into and maintain an agreement with NCPHP. PA shall ensure that a chaperone is present at any time he examines a female patient. PA must complete eight hours of CME on sexual boundaries
