Also present were Bryant D. Paris, Jr., Executive Secretary, Ms. Betty Joe Cooke and Mrs. Diane G. Freeman.

The Board convened for business and reviewing of credentials.

RE: Dr. Julian G. Busby, Columbia, S.C. -- Executive Secretary presented letter from Dr. Busby requesting his being allowed to take only certain portions of the FLEX examination rather than the entire examination.

ACTION: Dr. Galusha moved that Dr. Busby be required to take the entire FLEX examination. Seconded by Dr. Pence and duly passed.

RE: Federation of State Medical Boards -- Resolutions. The Board reviewed list of resolutions passed by the Board of Directors of the Federation at their June, 1975 meeting, and forwarded on to the State medical boards for their consideration.

ACTION: Dr. Taylor moved that the Board approve the first of the resolutions regarding Vietnamese physicians being licensed to practice medicine in the United States. Seconded by Dr. Pence and duly passed.

ACTION: By common consent, since the North Carolina Board has already taken its own action regarding FLEX Weighted Average and discontinuance of combining of FLEX grades prior to this Resolution from the Federation, this resolution was approved.

ACTION: Regarding Resolution VII dealing with continuing medical education, Dr. Taylor moved that this Board approve only the concept of continuing medical education as a requirement for re-registration. Seconded by Dr. Galusha and discussion followed. Amendment to motion offered by Dr. Staub: That the Board submit this concept to the North Carolina Medical Society for their comments and ideas regarding same. Amendment accepted, and discussion followed. ACTION: Substitute motion: Dr. Pence moved that no action be taken on this matter at this time, and a letter of explanation be sent to the Federation regarding same. Seconded by Dr. Galusha and duly passed on vote of 4 to 3. Dr. Citron recommended that the Board attempt to get information on what is being done in other states to implement this type of continuing education as a requirement for re-registration, and Dr. Edmondson suggested that this information could be requested from the Federation at the time the letter of explanation is sent, stating that this Board does approve of the concept, but is not quite sure of the best way to implement it at this time.
