Swearing in of New Board Appointees

Dr.'s Harold Godwin, George Johnson and George C. Barrett took the oath of office January 27, 1993 for new terms on the NC Board of Medical Examiners.

Executive Secretary Report

Mr. Paris reported that the new computer system was now installed and implementation of the new data system is on schedule. Staff meetings are held monthly and directors' meetings are held weekly. Board members were asked to use the Boards' 800 telephone number in order to help control costs.

A problem of excessive telephone calls regarding application status was presented and is being implemented.

Administrative Committee

The Administrative/Financial Committee chaired by Dr. Spangler met on January 20, 1993 and again on January 27, 1993 at 6 PM. All members were present on January 27, John Nance, Kathy Willis, Walter Roufail, Bryant Paris and Diane Meelheim. Business discussed and presented to the Board for consideration and approval follows.

Board Member reimbursement was presented as a problem. An increase in member per diem to \$200 per day was recommended in order to partially compensate for lost income while attending to official Board business. The Board adopted this motion. The Legislature will be asked to consider this recommendation.

The 1992 audit and management letter from Bobbi Furr from Hill, Maddison and Boyce, CPA and were approved. Staff was instructed to copy the Board with the Board's response to the management letter.

The committee recommended and moved that the Fund Equity Balance be carried over from year to year for the Litigation Reserve Fund, Restricted Equitable Sharing Fund and the Capital Purchase Funds. The Board adopted this resolution.

The Investment plan proposed by A.G. Edwards and Sons, Inc was recommended and approved. Staff was instructed to implement the plan.

Employee Benefits were recommended for approval and included the following:

1. Continuation of supplemental payment of \$129.00 cap per month for all staff with Board sponsored family health insurance coverage.
2. Adoption of an IRS § 125 Flex Spending Account was recommended and approved. This fund will be administered by the CPA firm of Hill, Maddison and Boyce.

A request was made by the Staff to allow accrual of more than 30 days vacation. The committee did not recommend that this policy be altered. The maximum vacation that can accrued without special permission will remain at 30 days, any amount accrued beyond this will be lost at calendar year's end.

Mileage reimbursement for Staff and Board Members will be increased to reflect the IRS current rate and will be automatically adjusted to remain current with the IRS rates without review by the Board. Rate will rise from \$.25/mile to \$.28/mile now.

A recommendation was made and approved that the Board hire needed physician consultants at \$125.00/hour.

Staff requested that payment to the Board be required as certified checks because of added expense of bad checks. The committee did not approve this requirement but did recommend a \$20.00 returned check fee. The Board accepted this proposal.

Staff requested Board approval of a policy change concerning licensure status requests. Staff proposed informing all licensure applicants that no telephone requests for status will be honored and that applicants be notified by mail after the application is complete. Staff will also notify the applicant by postcard if the application is not complete within 45 days. The Board approved the committee's recommendation to adopt the proposals.

Dr. Spangler recommended that staff research the possibility of visits to other Boards by board Members in order to exchange information.
