Q. Why do you look for a harder job?

A. A friend of mine says I have Tom Dooley in me. We have been involved in our area setting up a hospital in trouble. The work does not bother me, I am accustomed to working hard.

Q. Doing obstetrics by yourself?

A. I do not expect to do it by myself, the next thing would be to find someone out of residency to come in to the program. It is impossible to do for-
