### MEETING WITH DEAN OF ECU MEDICAL SCHOOL

On March 15, 1989, Dr. Hallock, Dean of the ECU Medical School, met with the Board. The Board reviewed its purpose for meeting with the deans of the various medical schools within North Carolina. Dr. Godwin reviewed the various requests for special privilege, i.e., "Peter Cotton" type requests for licensure, when the occasion does not warrant it. Dr. Hallock commented on Dr. Duckett's proposed work with the cognitively impaired physician. The problem of physicians prescribing controlled substances for chronic pain was discussed.

The Board discussed some difficulty it was having with physicians who were using and abusing the PA regulations and with PA's not following the regulations. These problems persist despite various communications between the Board and the parties involved, including a visit by Mr. Paris to ECU to speak on this subject. Dr. Hallock indicated that he has instituted weekly meetings with the clinical chairmen and monthly meetings with all the chairmen and will keep on top of the PA situation.
