**THE SACHS GROUP - FORT WASHINGTON, PA - DATA REQUEST - wl**

On May 23, 1991, the Board of Medical Examiners unanimously adopted a motion made by Dr. Henry and seconded by Dr. Patterson that the request for data be denied.

**MOORE REGIONAL HOSPITAL - SURGICAL ASSISTANT QUESTION - wl**

John F. Krahnert, Jr., M.D. requested in a letter dated March 12, 1991 to Dr. Patterson that surgical technicians and registered nurses be allowed to close in the operating room, under the conditions that a responsible surgeon be in the operating room at the time of the closure and that documentation of their training and competency be on file.

On May 23, 1991, the Board of Medical Examiners unanimously adopted a motion made by Dr. Patterson and seconded by Ms. Willis that a letter be sent to Dr. Krahnert stating the Board feels that what they are describing is the practice of medicine and only physicians or approved physician extenders may practice medicine.

**BOARD OF ELECTROLYSIS EXAMINERS - VACANCY - wl**

On May 23, 1991, the Board of Medical Examiners unanimously adopted a motion made by Dr. Patterson that the Board of Medical Examiners nominate Dr. Tafeen to the Board of Electrolysis Examiners.

**ACCELERATED FAMILY PRACTICE RESIDENCY PROGRAM - ECU - wl**

Mr. Paris reported that Dr. Patton and Dr. Jones came to Medical Board office to discuss setting up a program at ECU. Mr. Paris shared his concerns with the doctors regarding the Board's involvement in Medical Education, which has not been done in the past.

Dr. Patton however, did request that the Board address the request that if a fourth year medical student is carrying out the same duties as a first year resident, then at the end of that year, would that person then be eligible to receive a full license? The statute now states that a physician must have an M.D. degree, pass an exam that satisfies the Board, and have one year of post-graduate training approved by the Board.

Dr. Nance indicated that he would like to know more about what happened in Kentucky. We should not close the door on this concept.

On May 23, 1991, the Board of Medical Examiners unanimously adopted a motion made by Dr. Godwin and seconded by Dr. Nance that the Board accept this as information and that we have a progress report on the Kentucky program a year from now.

#### **1992 REGISTRATION APPLICATION - wl**

Mr. Paris reported on the revised application registration form. He indicated that the only change to the form from the last meeting was a question which was added regarding the delivery of babies. A section has also been added regarding retired physicians and out of state physicians.

On May 23, 1991, the Board of Medical Examiners unanimously adopted a motion made by Dr. Stratas and seconded by Dr. Godwin that we accept the proposed registration application with a registration fee of \$100.00.

#### **PRESCRIPTION FORMAT - wl**

It is the usual and accepted standard of care in North Carolina that a single medication be written on an individual prescription.

#### **ACUPUNCTURE - wl**

On May 23, 1991, the Board of Medical Examiners unanimously adopted a motion made by Dr. Stratas and seconded by Dr. Nance that we adopt the proposed position statement on acupuncture.

One December 5, 1972, the Board of Medical Examiners of the State of North Carolina stated its position that the practice of acupuncture is the practice of medicine.
