## Half and Half MAT Waiver Training

<b>Date/Time</b>	<b>Wed, Feb 24<sup>th</sup> 1:00 - 5:00 pm</b>
<b>Location</b>	<b>live webinar via zoom</b>  Zoom link will be sent upon registration
<b>Presented by</b>	<b>The UNC Addiction Medicine Program</b>
<b>Target audience</b>	This activity is targeted toward clinicians who want to learn more about treating opioid use disorder and qualifies as part of the required training for physicians, nurse practitioners and physician assistants to apply for a DATA 2000 waiver to prescribe buprenorphine.
<b>DATA Sponsor</b>	American Academy of Addiction Psychiatry (AAAP)
<b>Fee</b>	No Cost
<b>Registration</b>	email Brenda Pearson at <a href="mailto:bpearson@med.unc.edu">bpearson@med.unc.edu</a> with: <ul style="list-style-type: none"><li>• Name</li><li>• Preferred email address</li><li>• Institution</li><li>• Credentials</li><li>• Specialty</li><li>• Role</li></ul>

### Educational Objectives

- ✓ Screen and identify patients with OUD and define evidence-based treatments.
- ✓ Discuss the pharmacology of opioids as it relates to treatment of opioid use disorder (OUD) patients.
- ✓ Describe the fundamentals of office-based opioid treatment including the treatment of the co-morbid patient.
- ✓ Explain the process of buprenorphine induction as well as stabilization and maintenance.
- ✓ Discuss all FDA approved antagonist and agonist medications to treat OUD.
- ✓ Discuss basic office protocols including medical record documentation and confidentiality.
- ✓ Utilize evidence-based resources to ensure providers have the confidence to prescribe buprenorphine for patients with OUD.
- ✓ Recognize the importance of obtaining a waiver to begin treating patients with OUD.
