These records and documents shall be shared and acknowledged by all team members. The records and documents shall be provided to the Board upon request. For purposes of this section, "team" shall refer to team-based physician assistants and physicians; and
- (4) is engaged in shared governance within the organization that enables site-based decision-making.

(b) For purposes of G.S. 90-9.3A(a)(2), "clinical practice experience" means direct patient care as a physician assistant performing medical acts, tasks, and functions, including diagnosing, treating, and prescribing.

These records and documents shall be made available to the Board if requested.

(d) Prior to practicing as a team-based physician assistant, a physician assistant shall submit to the Board a registration for a Team-Based Practice, by logging into their Licensure Gateway account at <https://portal.ncmedboard.org/index.aspx>, that includes the following information:

A team-based physician assistant shall notify the Board of any changes to the

Physician assistants shall update all information under Paragraph (d) when the team-based physician assistant changes team-based practices under a different employer or their medical specialty before initiating practice.

(f) A team-based physician assistant who changes employment to a medical practice that does not qualify as a team-based setting, or who changes to a specialty practice area, within which they do not have 1,000 hours of practice in a specialty practice area shall be subject to the requirements of Rules .0203, .0212(2), .0212(4)(c), and .0213 of this Section.
